Clinical Breakfast Seminar with Professor Jerome Galon

Cancer Immunoscore: A new Paradigm in Clinical Oncology

Wednesday 18 June

7:30-8:30 followed by breakfast until 9am
Guests are welcome to attend the Immunotherapy Forum at 9am

Auditorium, QIMR Berghofer
300 Herston Road, Herston, QLD 4006

Dr Jérôme Galon is a world leading immunologist and the Research Director (DR1) at INSERM (National Institute of Health) and leading an INSERM laboratory (Integrative Cancer Immunology) at the Cordeliers Research Center in Paris, France. His work has pioneered a new cancer immunopathology scoring method to predict patient outcome and response to therapy. He was trained at the Pasteur and Curie Institutes, Paris.
